

WHY JOIN A SEPAG?

(Special Education Parent Advisory Group)

Your voice helps shape the future

When families and school leaders work together, special education programs become stronger and more responsive. Joining your district's SEPAG means being part of a team that makes positive change happen for students receiving special education services.

Stronger Connections

SEPAGs bring parents, educators, and community members together around shared goals. They help build understanding and trust between families and schools.

Information and Support

SEPAG members often become go-to-sources for other parents. They help families find accurate information about programs, resources, and the right channels for communication.

Collaboration that Works

A SEPAG thrives on teamwork. everyone brings their own experiences but all share a common purpose - improving outcomes for students who receive special education services.

Creating Positive Change

When schools listen to families and act on their ideas, programs and services improve for everyone. It's a win-win - students benefit, families feel heard, and educators are better informed.

Ready to get started? Contact your district's Director of Special Education for more information about joining your local SEPAG.
